

**Clean Energy
Financing**

Municipality of Victoria County

Registration Form

Thank you for your interest in the **Clean Energy Financing** Program administered by Clean Foundation (“Clean”) on behalf of your municipality.

By registering, you are applying for low-interest financing from the municipality to help you complete eligible clean energy upgrades to your home.

Additional information about the Clean Energy Financing Program can be found at www.CleanEnergyFinancing.ca. Any questions can be directed to Clean by emailing cleanenergyfinancing@cleanfoundation.ca or by calling 1-844-727-7818.

What's Next?

Upon receipt of your completed Registration Form, Clean will assess your home’s eligibility based on the following:

- Home type and location: your home must be a detached, semi-detached, or row house style home located within the municipality’s boundary;
- Verification of property ownership;
- Confirmation that you are not in default of any municipal taxes, rates, or charges.

Please note that by registering you consent to the municipality sharing the above information with Clean.

After you qualify for the Clean Energy Financing Program, you will need to sign the Customer Agreement. Once this is signed, Clean can help you book a certified Home Energy Assessment.

Note: All financing payments must be made through a pre-authorized payment plan set up through the municipality.

One of the goals of this program is for the total cost of clean energy upgrades, program fees, and cost of borrowing to be *less than or equal to* the estimated energy savings over the financing period. Please note that this debt-to-savings ratio will limit the eligibility of upgrades. It is the homeowner’s responsibility to check and acquire any building permits that are required for the upgrades they are planning.

Registration Form

Program Participation Fee

A program participation fee of \$250.00 is required to take part in the program. The program participation fee is non-refundable and will be included in your total financing amount.

In addition to the provincial and federal retrofit incentives you have access to through the Home Energy Assessment program, this \$250 participation fee grants you access to low-cost financing, guidance from our team on what retrofits will be cost effective for your home, and ongoing support from our team of Energy Advisors and Technical Analysts.

This process is more in-depth than a typical home energy audit and requires our team to collect information beyond the scope of a standard assessment. This may include energy billing information, data from combustion analysis, zonal blower door test data, and/or additional photos and measurements of your home.

If a homeowner exits the Clean Energy Financing Program early, they will be billed for the program participation fee by the municipality. The program fee will become payable 30 days upon exiting the program.

How to Submit this Registration

Mail a hardcopy of this form to: or Email the form to:

Clean Foundation
c/o Clean Energy Financing Program
126 Portland Street
Dartmouth, NS B2Y 1H8
